Please consider a tax-deductible donation to our 52-year-old nonprofit organization. We are committed to bringing art opportunities to local and emerging artists as well as underserved populations. Our lease has been terminated and we will be leaving our Camden Road location in early 2018. We are fundraising to relocate to and upfit a new home and your gift is greatly appreciated!

The ART HOUSE concept is derived from the idea that many materials go into furnishing and decorating a house. This exhibit features four rooms, a vanity area, and a “garden,” and is a celebration of upcycled, interactive, 3D and traditional art.
